FLOODPLAIN DEVELOPMENT APPLICATION

PERMIT NUMBER: _____

NOTE: ALL CONSTRUCTION WILL ALSO REQUIRE A BUILDING PERMIT

This is an application packet for a Floodplain Development Permit. Certain sections are to be completed by the Applicant, and certain sections are to be completed by the local Floodplain Administrator (FPA).

The National Flood Insurance Program (NFIP) provides flood insurance to individuals at much lower premiums than could otherwise be purchased through private insurers, and makes certain federal monies available to local communities. In order for citizens to be eligible for the national flood insurance rates, or for communities to receive certain kinds of federal monies, the community must agree to meet minimum floodplain standards. This application packet is a tool to ensure that the minimum standards are met.

In a participating NFIP community, flood insurance policies can be purchased from any local insurance agent at the national rate. Even though the policy may be issued as if it were coming from the insurance company you deal with, it is actually a Federal NFIP policy printed on the insurance agency's letterhead. The rates are determined by the flood risk zone in which you live and by the elevation of the lowest floor of your home, not by the insurance company, and should be the same regardless of which agent or agency sells you the insurance.

You may buy flood insurance for your own peace of mind, you may be required to buy it before a lending institution will make or refinance a loan, or you may not be buying flood insurance at all. Whatever the case, if the property which you propose to develop is located within a "Special Flood Hazard Area" on a flood map issued by the Federal Emergency Management Agency (FEMA), you **MUST** obtain a Floodplain Development Permit prior to beginning the project. This is a requirement of the local Flood Damage Prevention Ordinance of your community, and there are penalties for failing to do so.

Floodplain Development Permits are **ONLY** required for developments in areas designated as "Special Flood Hazard Areas" of FEMA-issued flood maps. Flood maps can be reviewed at the office of your local FPA, or online at the FEMA website (www.FEMA.gov).

If you are proposing a development of any kind (constructing a new building, adding onto an existing building, clearing land, placing fill, grading land, mining, dredging, drilling, etc ...) in a floodplain, you **MUST** submit Section I of this application for a Floodplain Development Permit to the Planning Department. Depending upon the type of development you are proposing, additional forms may be required. For example, all new buildings in a Special Flood Hazard Area require an Elevation Certificate to document that the lowest floor of the building is elevated to a certain height relative to the anticipated flood crest of the "base flood" event. The Elevation Certificate and other forms are provided on line and at the Planning Department, **but should only be completed if they are required for the proposed development.**

Typically, the Applicant completes Section I of this packet and submits the information to the local FPA. The FPA reviews the submission and determines whether or not additional information is needed. If it is, the FPA will request additional information from the Applicant. Once all required materials have been submitted, the FPA will make a permitting decision and either issue or deny the requested Floodplain Development Permit.

(Denied permits may be appealed per the provisions of the local Flood Damage Prevention Ordinance.)

The Applicant should understand that a Floodplain development Permit is only a permit to complete the proposed development. It is not a permit to, for example, build a house, construct a baseball field, install a drainage ditch or septic system or grade a parcel of land. Before the house can actually be constructed and occupied, or the developed land used, a Building Permit must be obtained for the actual construction. The FPA will perform an inspection after the project is completed, or perhaps several inspections throughout the progress of the project, to make sure that the development is compliant with the requirements of the local Flood Damage Prevention Ordinance. Once the Compliance Certificate has been issued, the process has been completed.

INSTRUCTIONS FOR COMPLETION

SECTION I:

- **General Information:**
Self-explanatory. Note the last two items under this heading.
- **Owner Information:**
List the contact information for the owner(s) of the property where development is proposed. All owners of the property must sign the application.
- **Applicant Information:**
If you are applying for this development permit, but are not the owner of the property, list your contact information here. If you are the property owner, leave this section blank.
- **Project Information:**
Check the box(es) beside the type of development that is being proposed. Note that some types of activity require the estimated cost of the proposed project to be disclosed so the Floodplain Administrator (FPA) can determine whether or not the improvement is a "substantial Improvement."
- **Signature:**
Print your name, sign your name, and date the application.

SECTION II:

- **Floodplain Information:**
The FPA will determine - for the sole purpose of administering the local Flood Damage Prevention Ordinance - the position of the proposed development relative to community floodplains and floodways. This determination is not binding at any lending institution or with any insurance agency, but is used to determine whether or not a Floodplain Development Permit and/or any other forms are required prior to commencing the proposed project.

Section II requires a map and panel number(s), a listing of the flood source for the proposed development, and contains a checklist of additional documents required for the FPA to make an informed permitting decision.

If any of the additional documentation is required, the FPA is to notify the applicant, allow a reasonable length of time for submission of the documents, and then review all submissions to determine whether or not the permit will be issued.

SECTION III:

- **Forms**
Forms that may be required.

SECTION IV:

- **Permit Determination**
The FPA will indicate whether or not the proposed development is conform ant with the requirements of the local Flood Damage prevention ordinance, and whether or not the requested permit is issued. If the decision is to NOT issue the permit, the FPA will provide an explanation of the perceived deficiencies to the Applicant.

SECTION IV:

- **Certificate of Compliance**
The FPA will indicate the "As-Built" lowest floor elevation for structural developments, list any inspections that have been performed, and issue the Certificate of Compliance to the Applicant if appropriate.

SECTION I

GENERAL INFORMATION:

1. No work of any kind may begin in a floodplain area designated as A, A1-30, AE, AO, AH or B until a floodplain development permit is issued.
2. The permit may be revoked if any false statements are made in this application.
3. If revoked, all work must cease until a permit is re-issued.
4. The development may not be used or occupied until a Certificate of Compliance is issued.
5. The permit will expire if no work is commenced within 6 months of the date of issue.
6. The permit will not be issued until any other necessary local, state or federal permits have been obtained.
7. By signing and submitting this application, the Applicant gives consent to the local Floodplain Administrator or his/her representative to make reasonable inspections prior to the issuance of a Certificate of Compliance.
8. By signing and submitting this application, the Applicant certifies that all statements contained in Section 1 of the application, and in any additional attachments submitted by the Applicant, are true and accurate

OWNER INFORMATION:

Name: _____
Physical Address: _____ City: _____ State: _____ Zip: _____
Mailing Address: _____ City: _____ State: _____ Zip: _____
Fax: _____ Email: _____ Phone: _____

Signature(s) of property owner(s) listed above

NOTE: ATTACHED FORMS IF THERE ARE ADDITIONAL PROPERTY OWNERS. THIS PERMIT APPLICATION WILL NOT BE ACCEPTED WITHOUT THE SIGNATURE OF ALL PROPERTY OWNERS. THE SIGNATURE IS AN ACKNOWLEDGEMENT AND CONSENT TO THIS FLOODPLAIN DEVELOPMENT PERMIT APPLICATION.

APPLICANT INFORMATION:

Name: _____
Phone No.: _____ Fax No. _____

Signature(s) of applicant(s) listed above

Notes: _____

PROJECT INFORMATION:

Project: _____
Address: _____ City: _____ State: _____ Zip: _____

Lot: _____ Subdivision: _____

Legal Description: (Attach to this document)

STRUCTURAL DEVELOPMENT: (Please check all that apply)

Type of Structure:

- Residential (1 to 2 families unit)
- Residential (more than 2 families unit)
- Non-Residential
- Elevated
- Flood proofed
- Combined use (Residential and Non-Residential)
- Manufactured (mobile) Home
- Located within a Manufactured Home Park
- Located outside a Manufactured Home Park

Type of Structural Activities:

- New Structure
- Addition to Existing Structure
- Alteration of Existing Structure
- Relocation of Existing Structure
- Demolition of Existing Structure

Estimate Cost of Project _____

NOTE: IF THE VALUE OF AN ADDITION OR ALTERATION TO A STRUCTURE EQUALS OR EXCEEDS 50% OF THE VALUE OF THE STRUCTURE BEFORE THE ADDITION OR ALTERATION, THE ENTIRE STRUCTURE MUST BE TREATED AS A SUBSTANTIALLY IMPROVED STRUCTURE. A RELOCATED STRUCTURE MUST BE TREATED AS NEW CONSTRUCTION.

Other Development Activities:

- Excavation (not related to a Structural Development listed in Part A.)
- Clearing
- Placement of fill material
- Grading
- Mining
- Drilling
- Dredging
- Watercourse alteration
- Drainage improvement (including culvert work)
- Individual water or sewer system
- Roadway or bridge construction
- Other development not listed above (specify)

I CERTIFY THAT TO THE BEST OF MY KNOWLEDGE THE INFORMATION CONTAINED IN THIS APPLICATION IS TRUE AND ACCURATE.

Signature: _____ Date: _____

CHECK APPLICABLE:

The following documents may be required.

- Maps and plans of the development
- An Elevation Certificate - required for all structures
- A Floodproofing Certificate - required if flood proofing a non-residential structure
- A No-Rise Certificate - if the proposed development is in a "regulatory floodway"
- An elevation study showing BFEs on developments exceeding 50 lots or 5 acres in Zone A
- A copy of Wetlands Permit from the U.S. Army Corps of Engineers if required; and other local, state, federal permits.
- Other permits: _____

NOTE: CERTIFICATES REQUIRE COMPLETION BY A PROFESSIONAL LAND SURVEYOR OR REGISTERED PROFESSIONAL ENGINEER, AS INDICATED.

SECTION III - May be required by the Floodplain Administrator

ELEVATION CERTIFICATE:

Attach.

NOTE: SUBMIT ONLY IF REQUIRED TO DO SO BY THE FLOODPLAIN ADMINISTRATOR.

FLOODPROOFING CERTIFICATE:

Attach.

NOTE: SUBMIT ONLY IF REQUIRED TO DO SO BY THE FLOODPLAIN ADMINISTRATOR.

NO-RISE/NO-IMPACT CERTIFICATE:

Attach.

NOTE: SUBMIT ONLY IF REQUIRED TO DO SO BY THE FLOODPLAIN ADMINISTRATOR.

PERMIT FEES:

ENGINEERING REVIEW FLOODPLAIN PERMIT:

Permit fee: 0.003 X public infrastructure cost _____ Infrastructure Cost

CONSTRUCTION INSPECTION FLOODPLAIN PERMIT:

Permit fee: 0.003 x construction cost _____ Construction Cost

PERMIT ISSUANCE FEE:\$30.00

IF FILED SEPARATELY PRIOR TO APPLICATION FOR BUILDING PERMIT:

Three (3) complete sets of plans, sealed by a Texas registered engineer, architect or land surveyor are needed.

TO SUBMIT FORM PLEASE EMAIL IT TO PLANNING@DAYTONTX.ORG

THIS SECTION TO BE COMPLETED BY MUNICIPAL OFFICIAL

Date: _____ Fee Paid: _____ Received By: _____
