Dayton Police Department 2019 Annual Report

Message from the Chief,

I am proud to present the 2019 Dayton Police Department Annual Report. It is a privilege to serve the citizens of Dayton, Texas, and we make every effort to provide the highest level of service possible. As we serve, one of the focuses of this department is to provide a high level of transparency in order to build and maintain a positive working partnership with the community based upon understanding and trust.

It is my hope that the information on the following pages demonstrates our efforts for and on behalf of our community. It is also my belief that this information will assist us as we take the necessary and appropriate steps to become a more efficient and effective department. Information is power, and I intend to use this power to develop solutions for current issues and future concerns of the City of Dayton.

The following report contains the 2019 Racial Profiling report and associated information submitted by the department to the Office of the Attorney General. This report also contains information regarding the department's annual Uniform Crime Reporting to the Texas Department of Public Safety along with statistical information regarding motor vehicle crashes and traffic enforcement efforts.

It is an honor serving alongside the honorable men and women of this department and we work every day to make the quality of life the best it can be for all who call Dayton home.

Respectfully

Robert G. Vine
Deputy City Manager / Chief of Police

Dayton Police Department 2019 Annual Report

Racial Profile Law

On September 1, 2001, the racial profile law became effective as found in the Texas Code of Criminal Procedure beginning with Article 2.131. The law mandated law enforcement agencies to begin collecting certain data in connection to traffic or pedestrian stops beginning on January 1, 2002. Based on that data, the law mandated law enforcement agencies to submit a report to the law enforcement agencies' governing body beginning March 1, 2003, and each year thereafter no later than March 1. Additionally, all law enforcement agencies must also submit a report to the Texas Commission on Law Enforcement Officers Standards beginning March 1, 2011, and each year thereafter no later than March 1.

This report is submitted pursuant to the Code of Criminal Procedure Art. 2.134 which in part reads as follows:

"...(b) A law enforcement agency shall compile and analyze the information contained in each report received by the agency under Article 2.133 (reports required for traffic and pedestrian stops). Not later than March 1 of each year, each local law enforcement agency shall submit a report containing the information compiled during the previous calendar year to the governing body of each county or municipality served by the agency in a manner approved by the agency."

"...(e) The commission on law Enforcement Officer Standards and Education shall develop guidelines for compiling and reporting information as required by this article."

Dayton Police Department 2019 Annual Report

The following report contains the 2019 Racial Profiling report and associated information submitted by the department to the Office of the Attorney General.
